

Premium Fresh Salmon

Royal Tide Salmon Co. is IRP Food's premium farm-raised Atlantic Salmon label. Our salmon are raised in the clear, cold waters off the coast of northeastern Canada. Here, natural tidal exchanges serve to circulate the water to ensure healthy fish and minimal environmental impact. The salmon are fed a diet rich in fish oils to ensure a high level of Omega-3 fat content, which makes for a healthier and better tasting salmon. Growth hormones are not used. Fish are shipped in the whole form directly to IRP Foods multiple times per week. All scaling and cutting are done in-house at IRP Foods in a "just-in-time" format — ensuring the salmon you receive in your kitchen is less than 48 hours out of the water.

Friendly to the environment, healthy to eat, and great tasting fresh salmon.

Royal Tide Salmon Co. is

"Naturally Canadian"
